OUTPATIENT CONSULT REQUEST INFORMATION

**All Children's Neuroscience Institute
Department of Neurosurgery & Epileptology
880 6th Street South, Suite 310
St. Petersburg, FL 33701
Phone: 727-767-8181 Fax: 727-767-8030**

Thank you for referring your patient to the All Children's Neuroscience Institute. We value our relationship with you and appreciate your confidence in our service and staff. It is our goal to provide your patient with the highest quality of care in the most efficient manner.

To expedite the referral process, we would appreciate your assistance in completing our **Outpatient Consult Request form** and faxing it, along with the following information to 727-767-8030:

- ***Last two Office Notes related to the Neurosurgery or Epileptology diagnosis.***
- ***Diagnostic Reports MRI & CT within the last 6 months, other Radiology reports no more than 1 year***
- ***All films and/or discs are required and should be hand carried by the patient to their clinic appointment***
- ***Head Circumference Measurements (Growth Chart)***

We prefer to schedule all appointments at the time the patient or referring provider's office contacts us to avoid undue delay for the patient and their families. We do so with the understanding that the above requested information will be provided to our office prior to the patient's scheduled appointment. Failure to do so may result in rescheduling the appointment or requiring the patient to return to the office for an additional appointment once the information is received.

Once the appointment has been scheduled, we will notify the patient of the appointment date and time and if the patient is a new patient to our office we will mail the appropriate paperwork to them and advise to ensure your office has provided all requested information in place for their appointment.

We pride ourselves in providing appointments in an appropriate time frame. If you feel we have not met this standard please let us know.

Again, we greatly appreciate your confidence in referring your patient to our service.
